The St. Louis City Hall, located on 12th and 16134 Market Streets, facing Memorial Plaza, was constructed from 1890 to 1904 at a cost of \$1,650,000. The style of the architecture is an adaptation of French Romanesque.

It is one of the outstanding buildings of its kind that could hardly be duplicated today. The first mail ever carried by air left in a balloon from the City Hall Square, July 1, 1859.

POST CARD

156—General Douglas MacArthur Bridge over the Mississippi, St. Louis, Mo.

Spanning the Mississippi River at a point where the stream is a mile wide, the Mac Arthur Bridge is two miles long, and is the largest doublespan steel bridge in the world. It is the main transportation artery between Missouri and Illinois, and with an average of approximately 24,000 automobiles and trucks possing over it daily, is one of the most-used bridges in the country.

A downtown beauty spot, bowl-like oasis, landscaped with beautiful flowers and shrubbery, a huge fountain in the center. Christ Church Cathedral (Episcopal) is the first Protestant Church founded west of the Mississippi River. The crowning glory of the Cathedral is its beautiful stone altar and reredos, which are replicas of those in the Winchester Cathedral, England. The Public Library is a fine specimen of dignified public-building architecture.

98. LOOKING NORTHEAST FROM OLD WATER TOWER, ST. LOUIS, MO.—St. Louis is the largest city on the Mississippi river, and one of the most enterprising cities in the United States. It is the principal market for shoes in the western country. The city owns its own water works system costing about \$20,000,000. Its park system constitutes one of its most attractive features, containing a total area of over 3,000 acres. An International exhibition was held here 1904 to commemorate the centennial of the purchase of the Louisiana territory from France.
